February 5, 2013

Dear CMRS Provider,

This letter is to advise your company of an important circumstance with respect to the Kentucky CMRS Board and remittance of the 911 surcharge associated with your subscriber's cell phones to the Board.

You were informed in May 2012 that the availability of the Electronic Funds Transfer (EFT) payment application was being discontinued temporarily. I am pleased to inform you that the Board has contracted with Kentucky.gov and a new EFT payment application is now available. All information on this system will be contained on a secure server and no financial routing or account numbers will be retained by this system, for that reason, you will be required to re-key this information each time an EFT payment is made.

Access to the CMRS EFT web Site can be found on our website www.cmrsboard.ky.gov or by clicking this link <https://secure.kentucky.gov/formservices/CMRS/EFTRemittance>. Before logging into the system for the first time you will be required to register as a new user, once this has been completed you will be able to access the EFT website and submit payments.

According to **202 KAR 6:080** providers are required to submit the surcharge via this EFT system. However, if your company is unable to submit payments in this way please make us aware and exceptions can be made.

If you have any questions or require further information regarding this issue please contact Krista Harrod at 502-564-3911 or krista.harrod@ky.gov.

Sincerely,

Joe Barrows
Executive Director
